- 2022 Swem Library Renovation Study
- 2024 Vision Plan

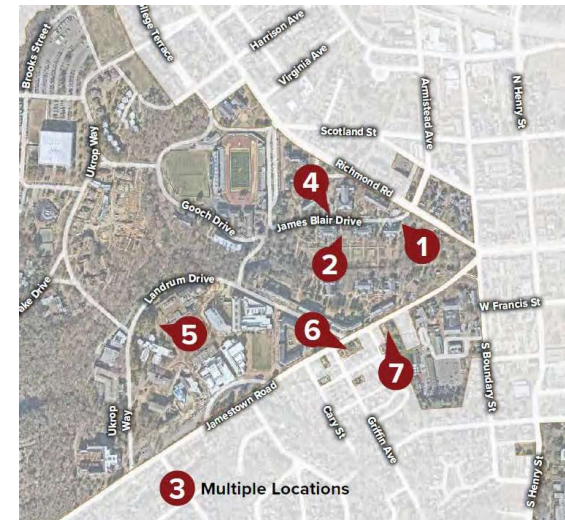

2015 Campus Master Plan

2024 Vision Plan (Concept)

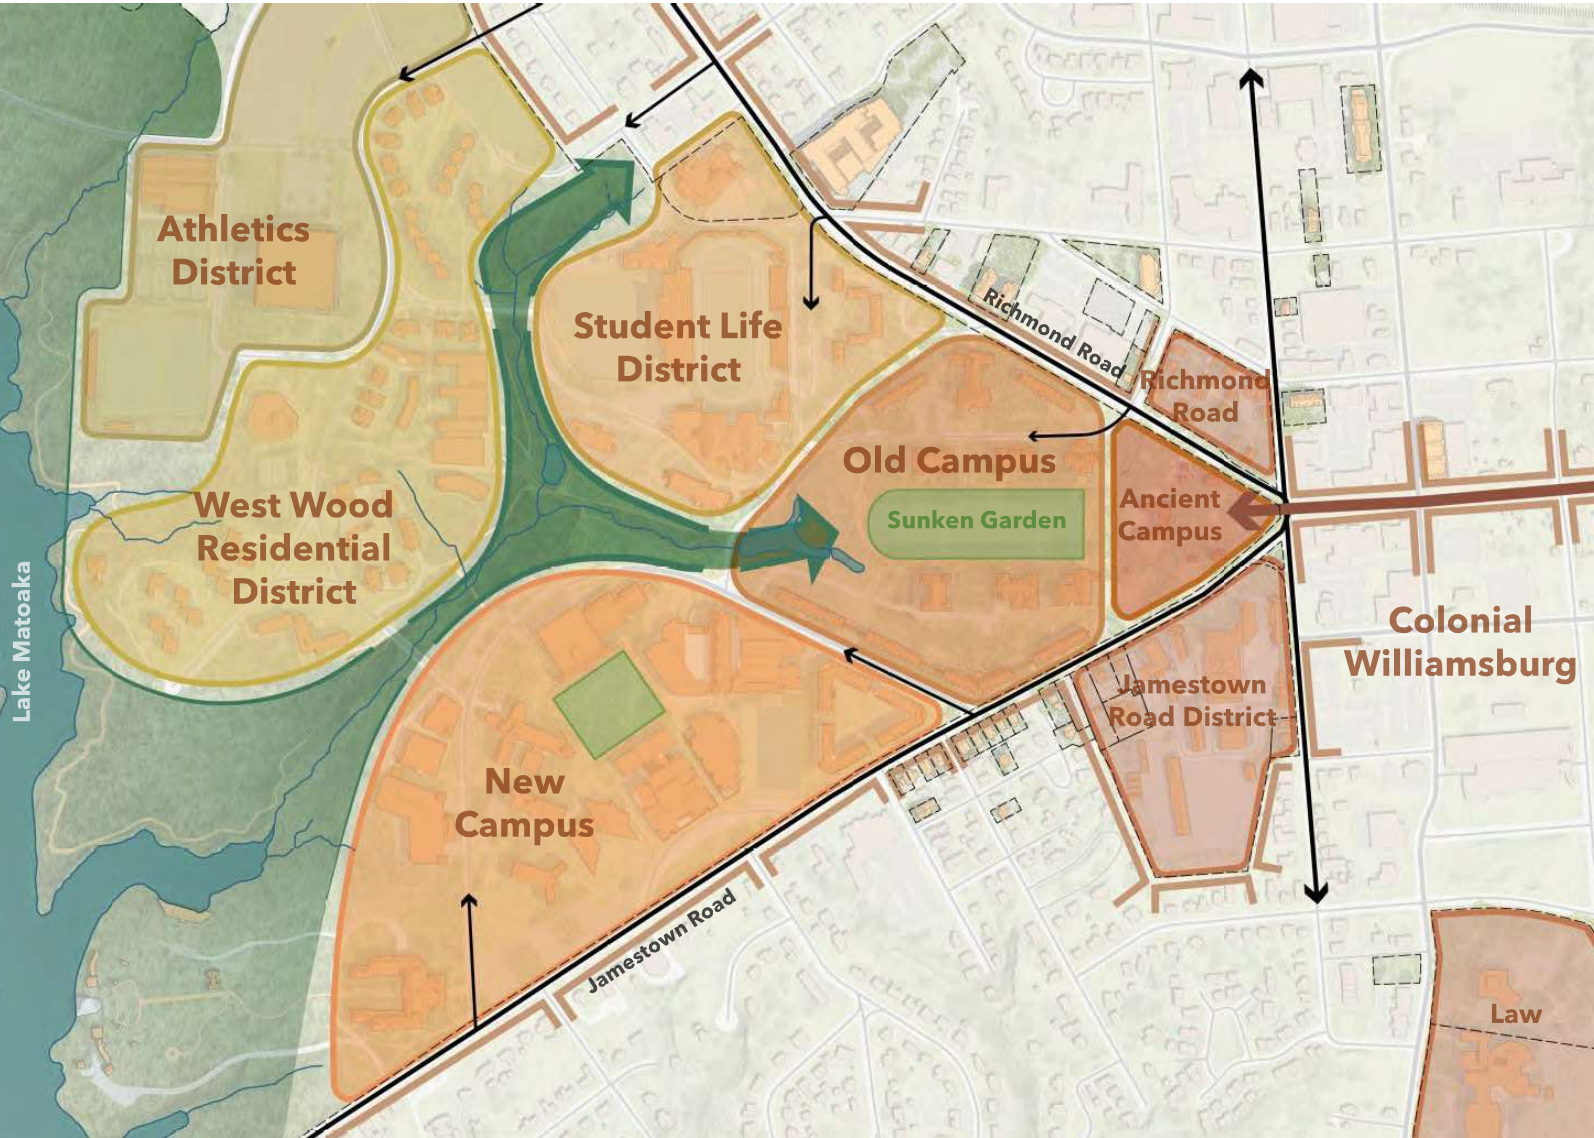

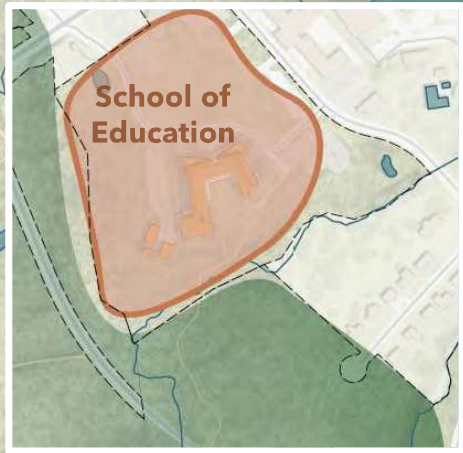

2022 Housing and Dining Master Plan

2013 Improve Accessibility Study

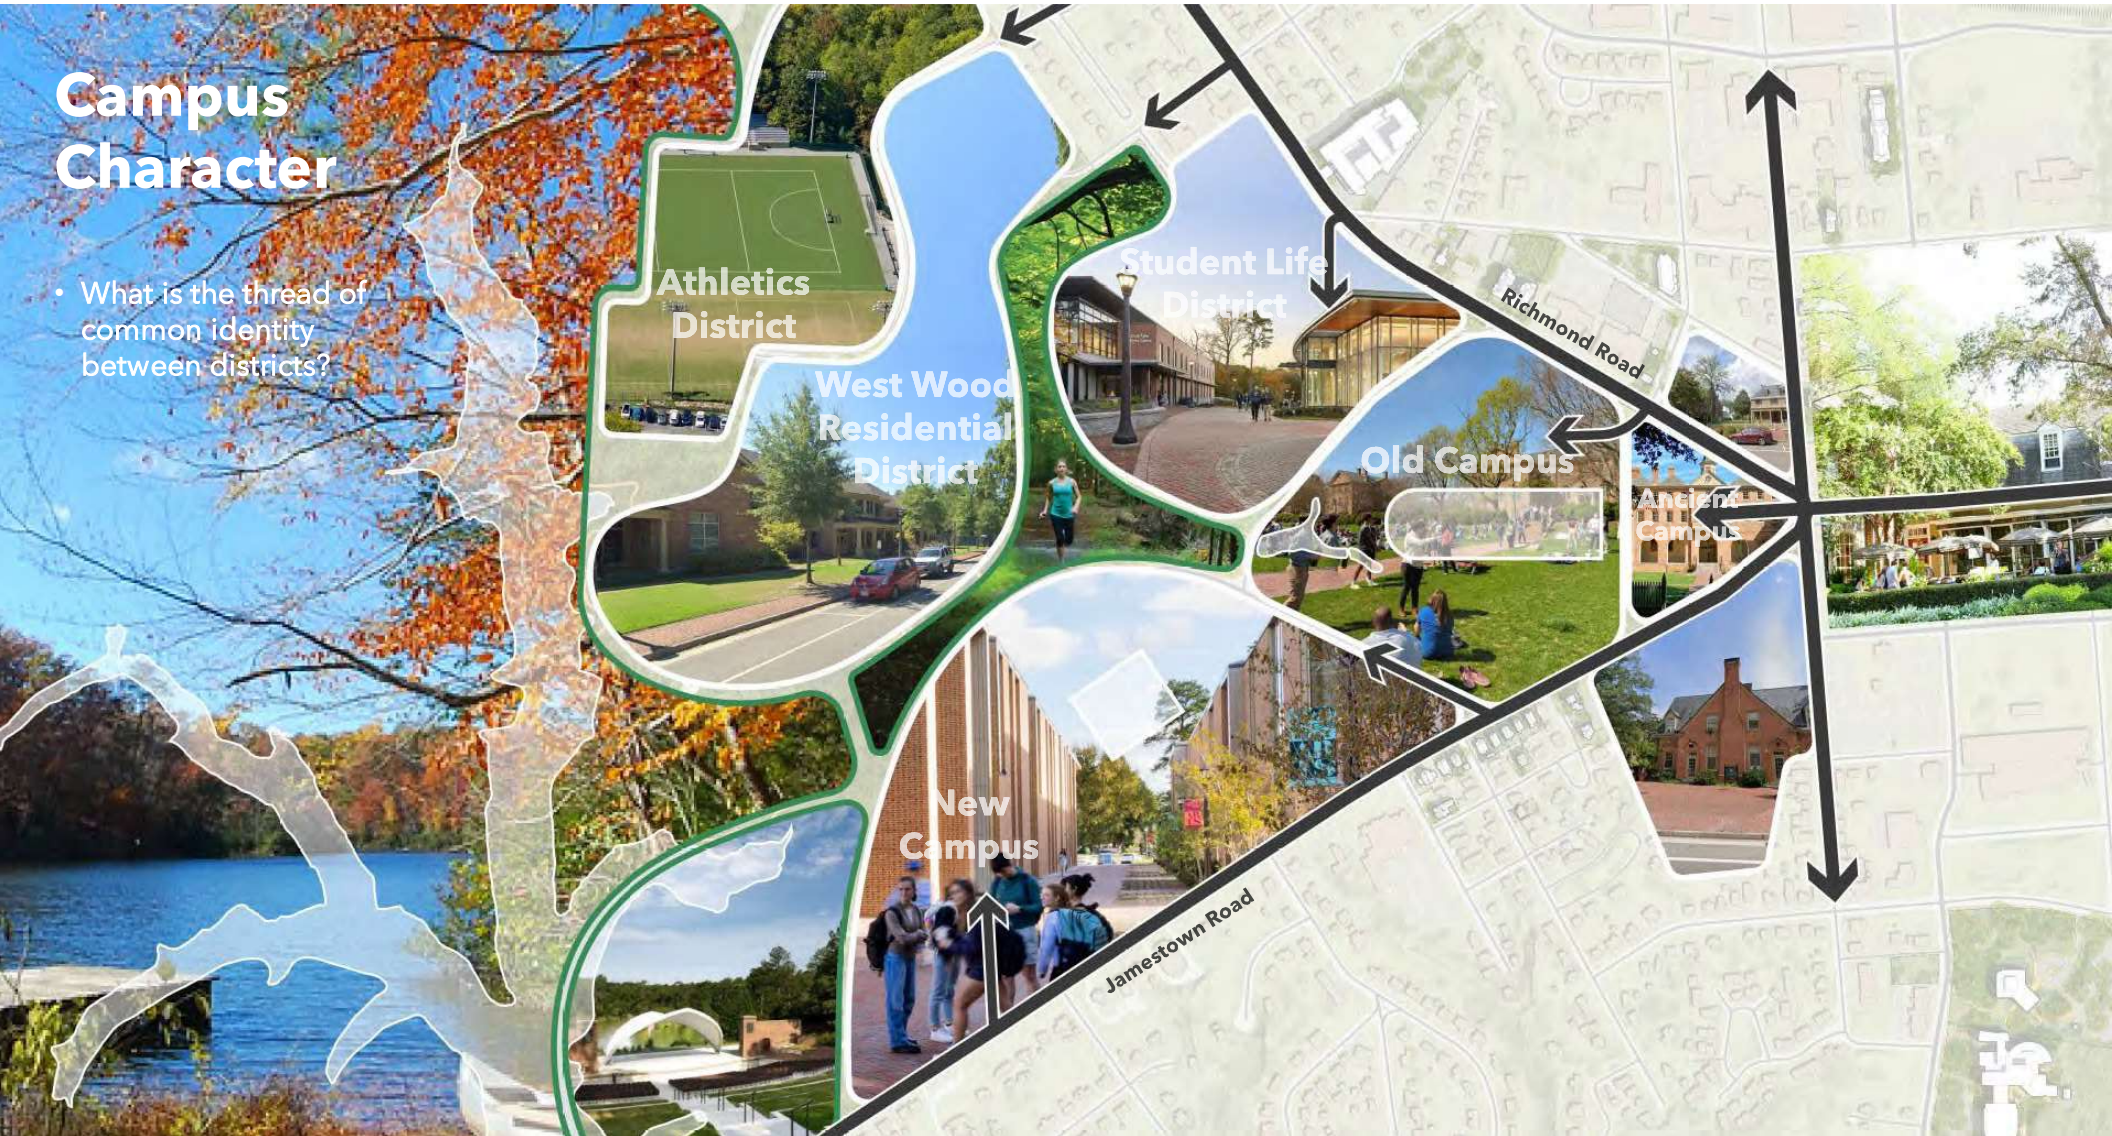

Campus Neighborhoods

- How do you identify campus neighborhoods?

Campus Character

- What is the thread of common identity between districts?

Athletics District

Student Life District

West Wood Residential District

Old Campus

New Campus

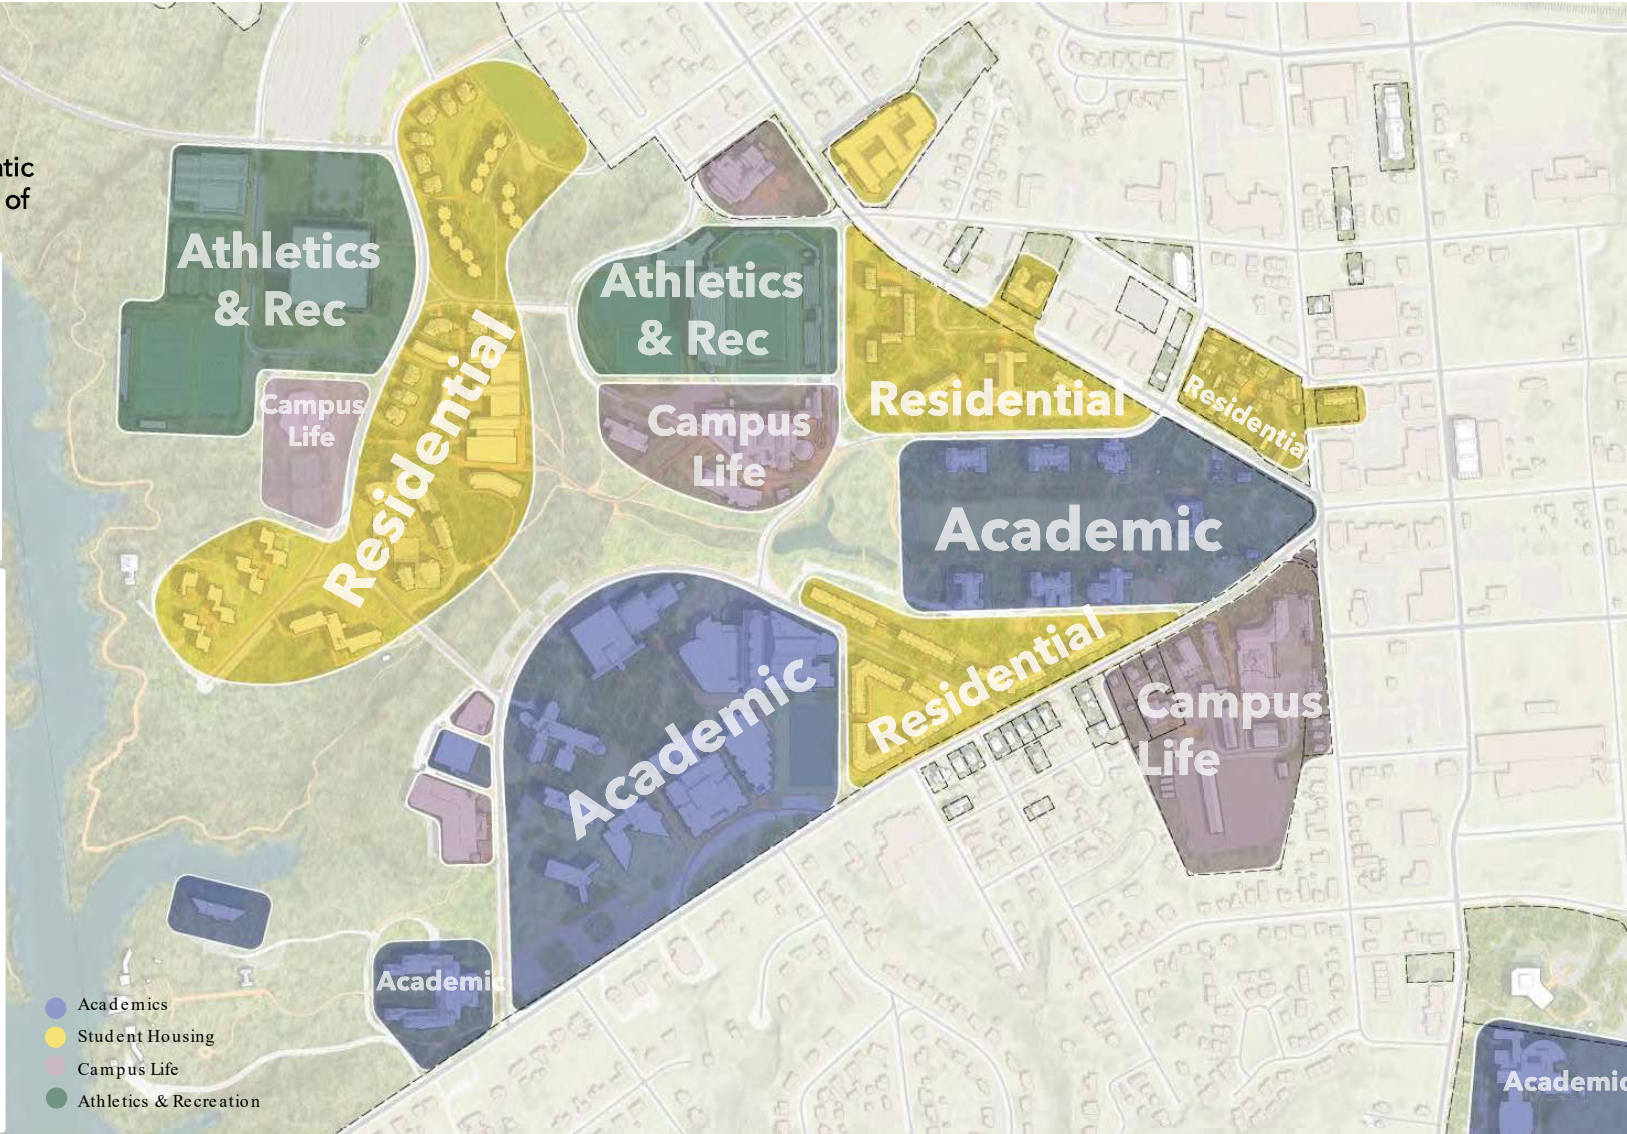

Ancient Campus

Richmond Road

Jamestown Road

Campus Uses

- Clusters have distinct programmatic identities but may inhibit a sense of 24-7 vitality.

Building Use

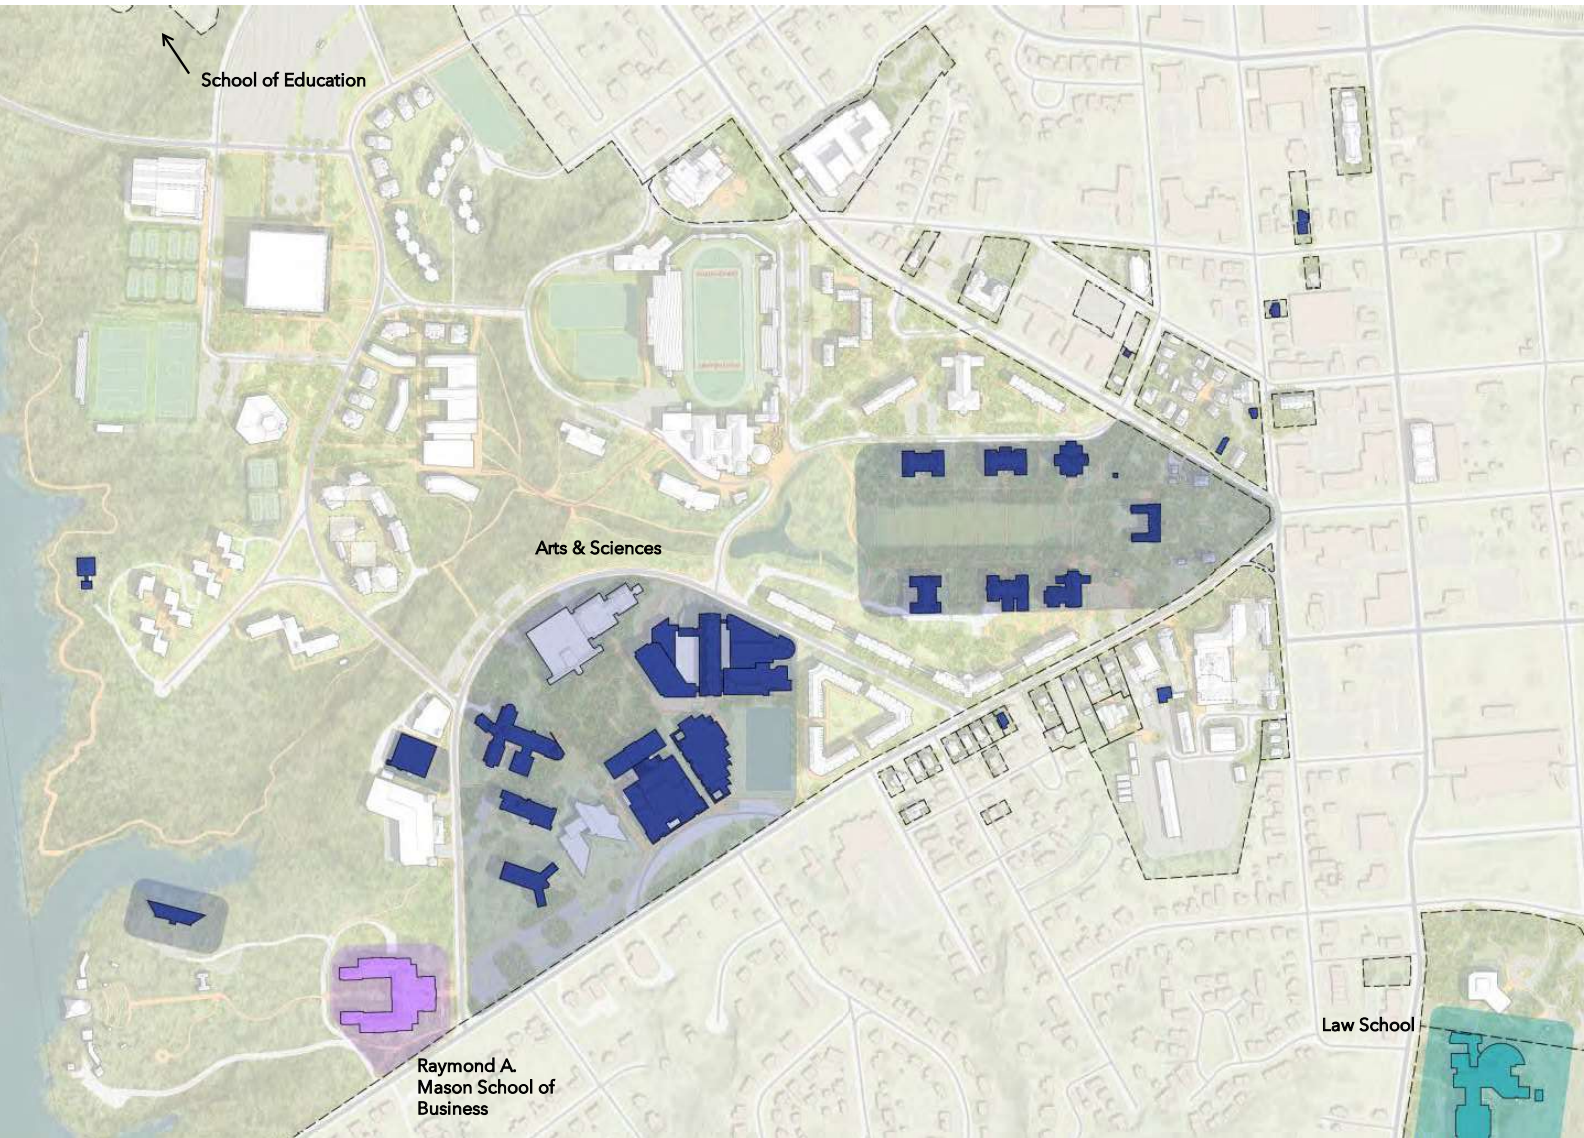

Academic & Research

- Academic space is concentrated in Old and New Campus
- What are strategies to ensure professional schools don't feel like islands?

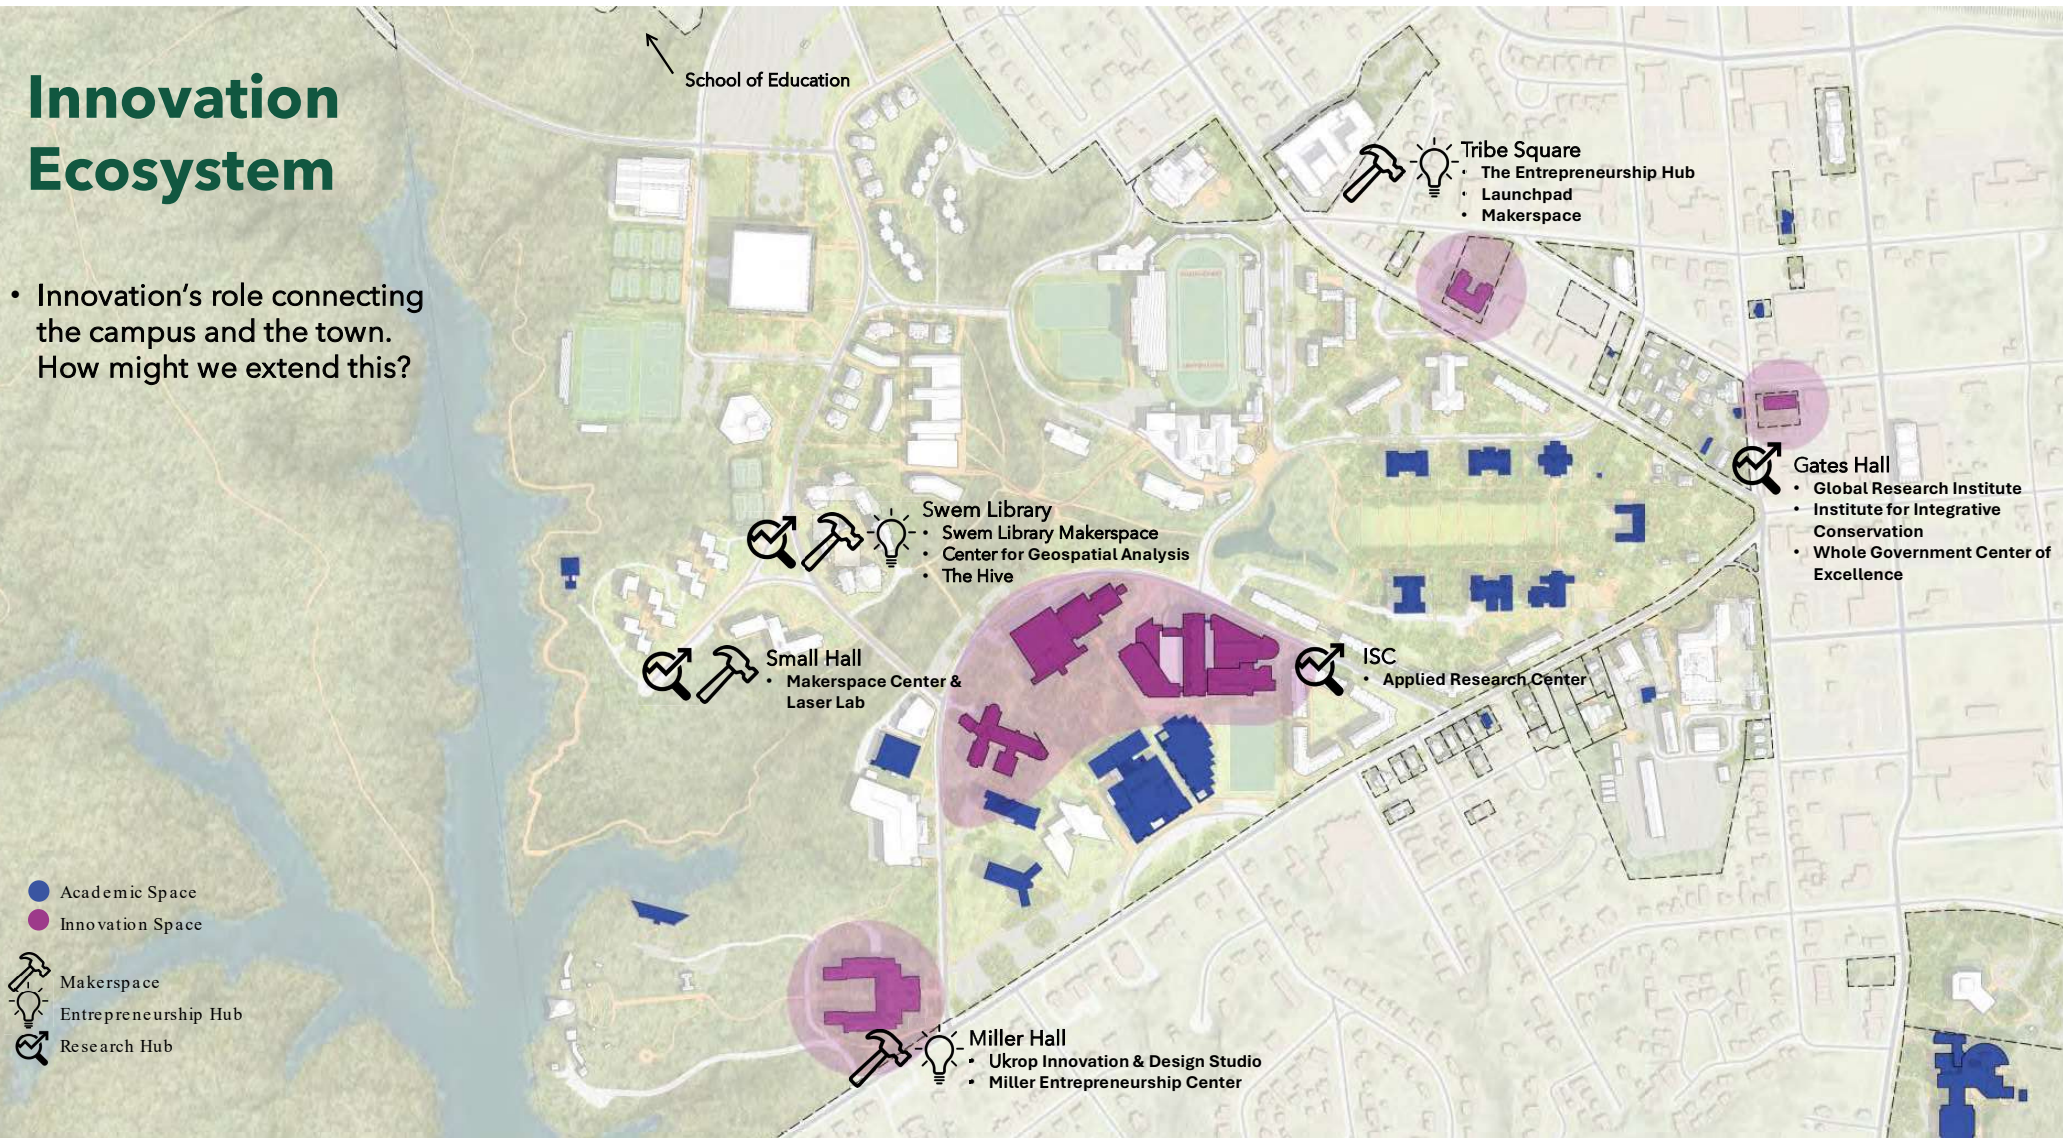

- Arts & Sciences
- School of Education
- Business School
- Law School

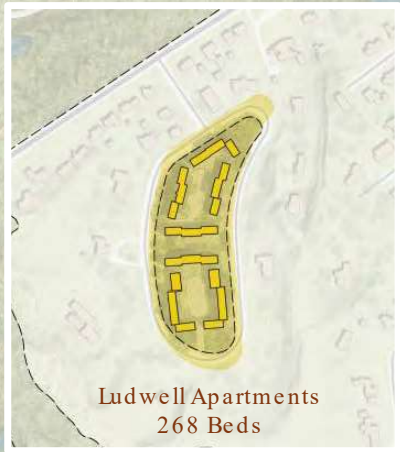

Innovation Ecosystem

- Innovation's role connecting the campus and the town. How might we extend this?

Residential Life Neighborhoods

- Student housing is reinforcing an active campus
- How can we ensure that these strong residential neighborhoods are connected to the campus?

West Wood Residential District
2,288 Beds

One Tribe Place
354 Beds

Richmond Rd
563 beds

Sorority
216 Beds

Campus
Center
51 Beds

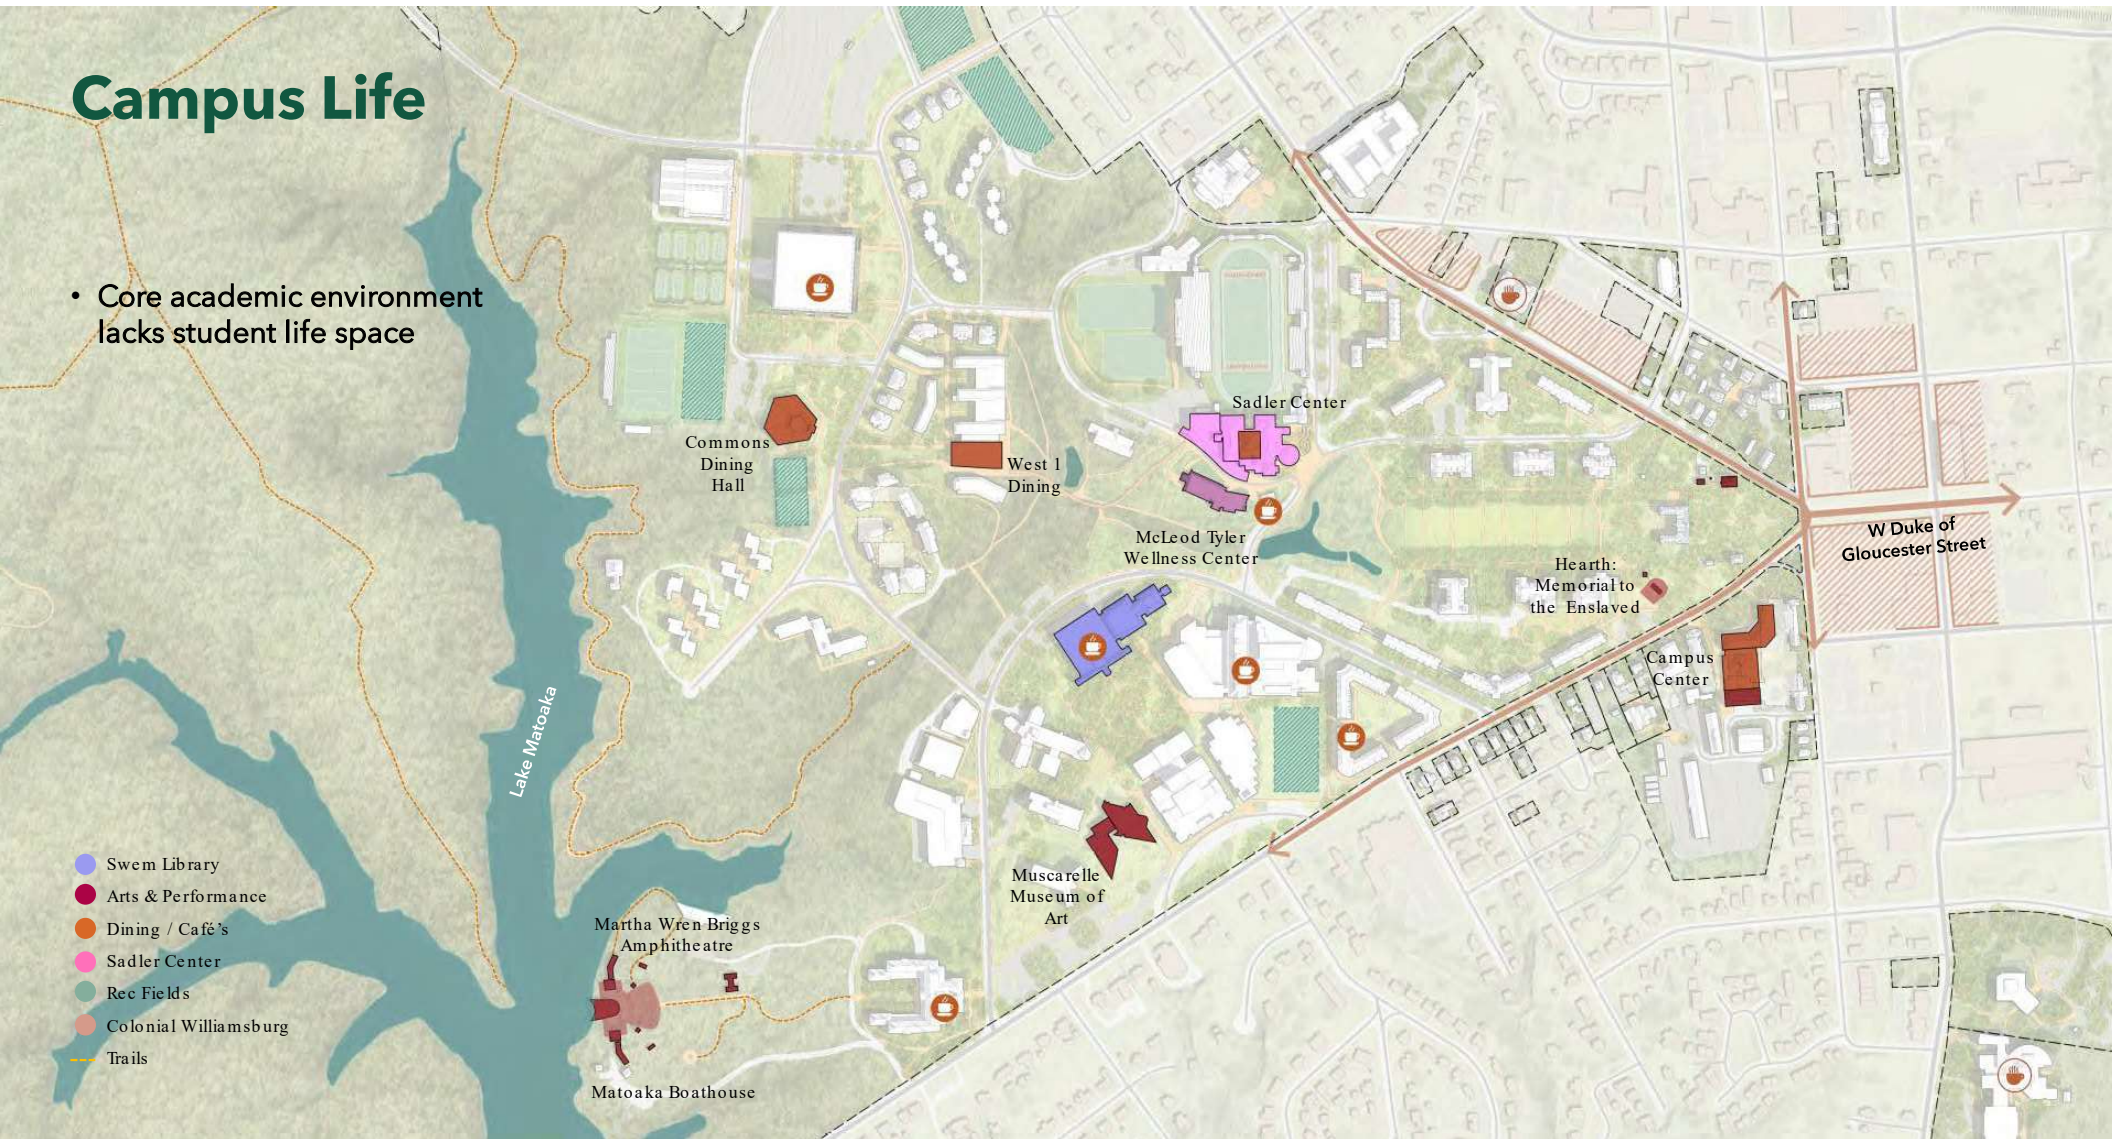

Jamestown Rd
1,281 Beds

- There are 4,753 beds on Campus

Campus Life

- Core academic environment lacks student life space

- Swem Library
- Arts & Performance
- Dining / Café's
- Sadler Center
- Rec Fields
- Colonial Williamsburg
- Trails

Campus Life

Athletics and Recreation

(The) Bee McLeod Recreation Center

Kaplan Arena

Zable Stadium

Martha Wren Briggs Amphitheatre

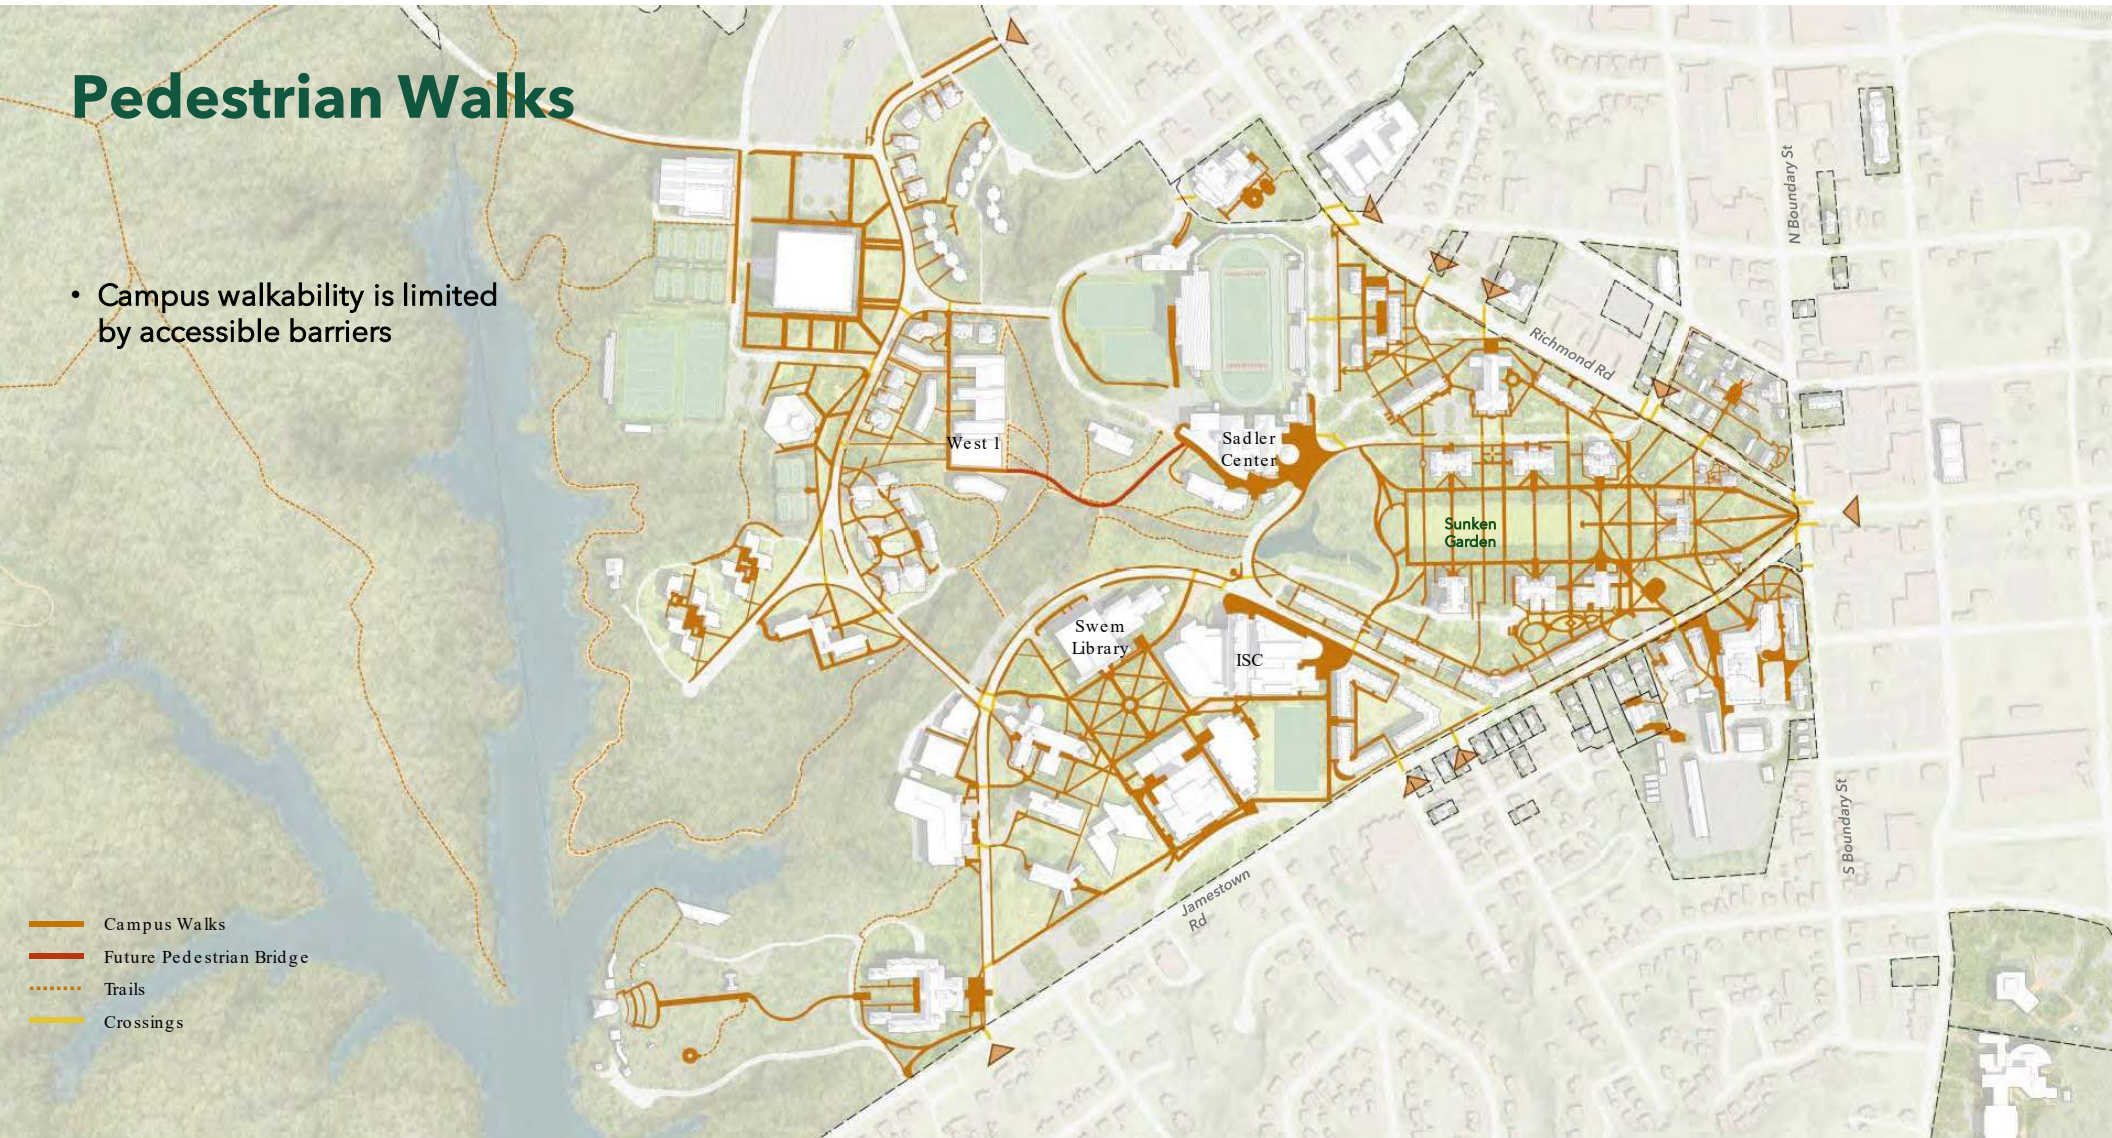

Matoaka Boathouse

- Athletics Buildings
- Rec Building
- 5K Run
- Trails

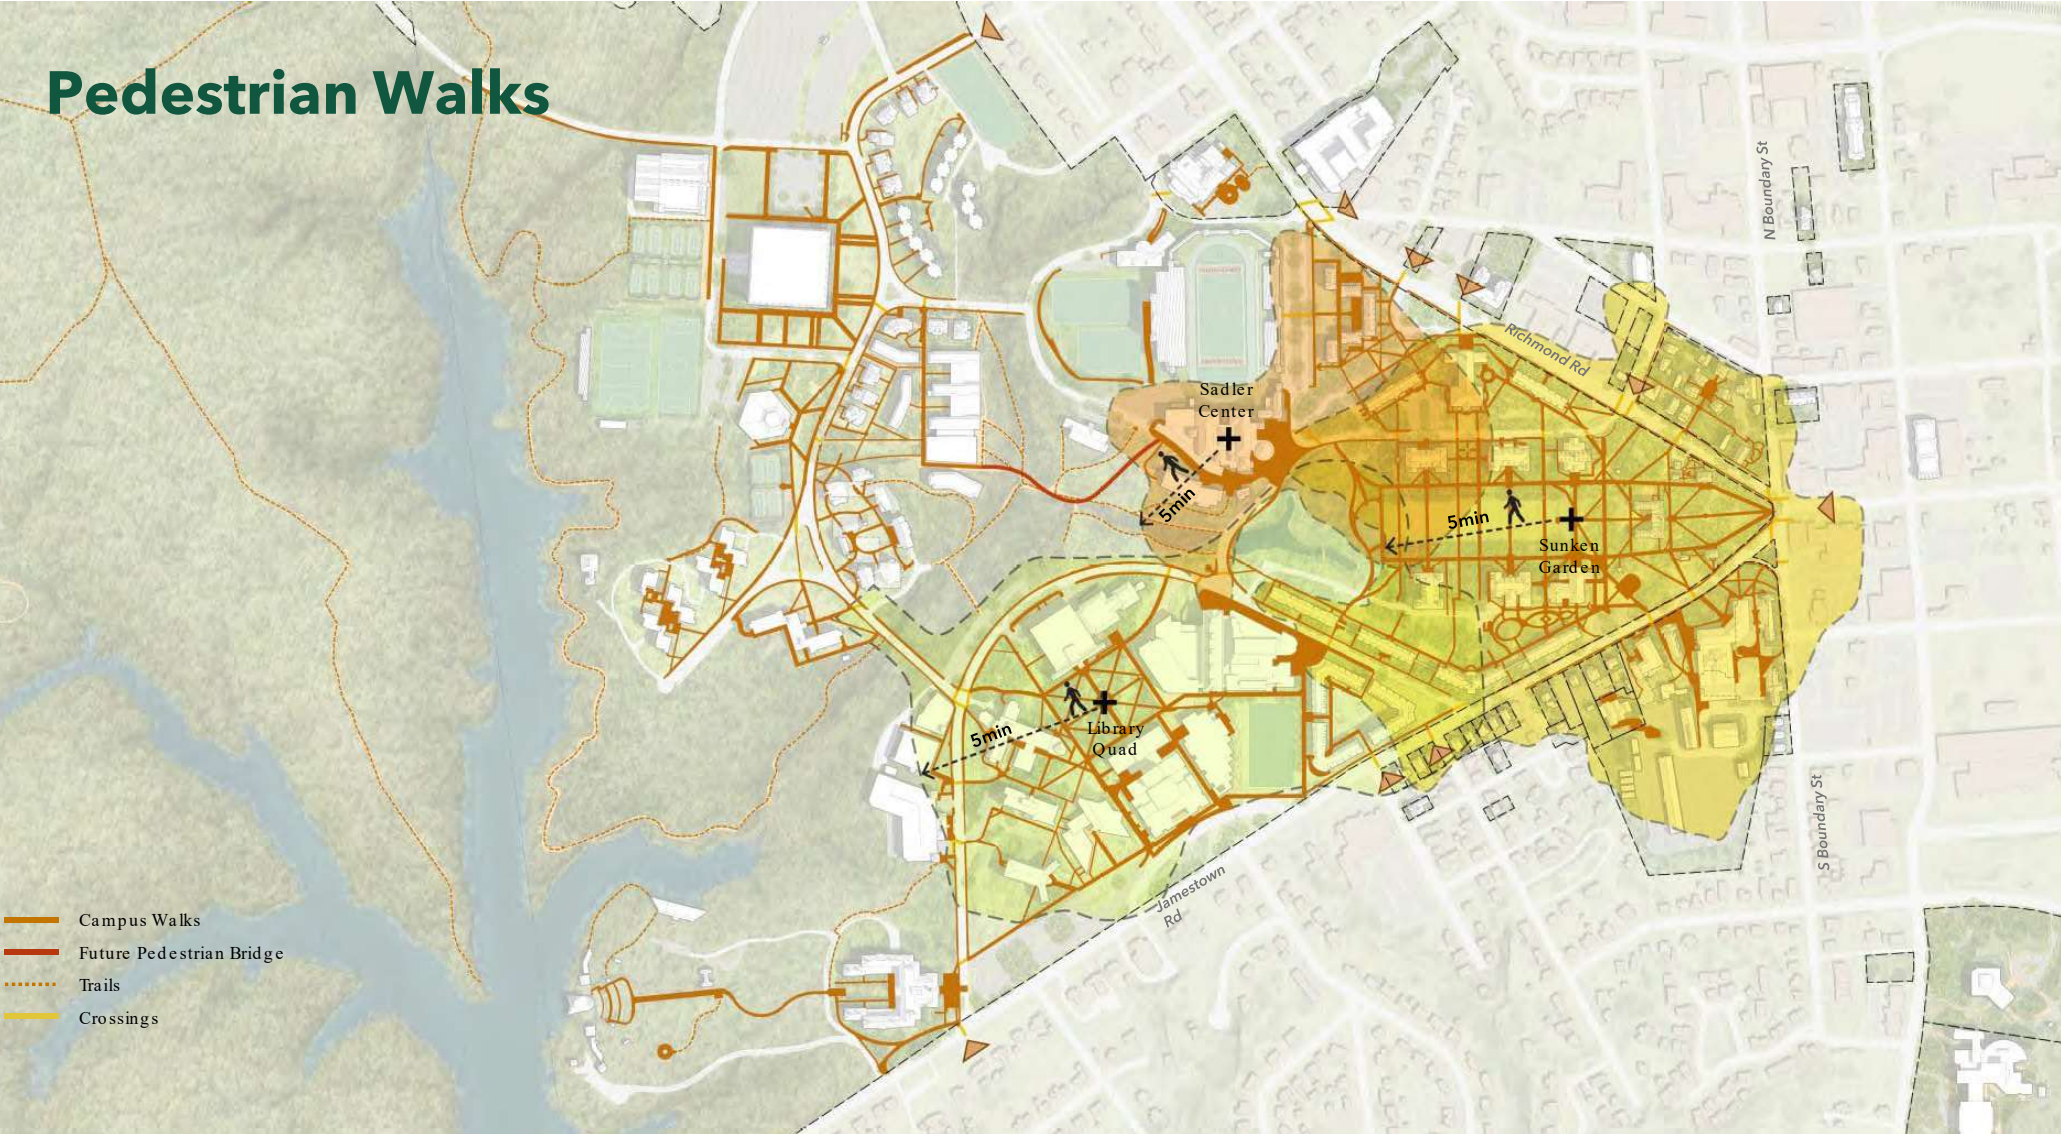

Pedestrian Walks

- Campus walkability is limited by accessible barriers

- Campus Walks
- Future Pedestrian Bridge
- ⋯ Trails
- Crossings

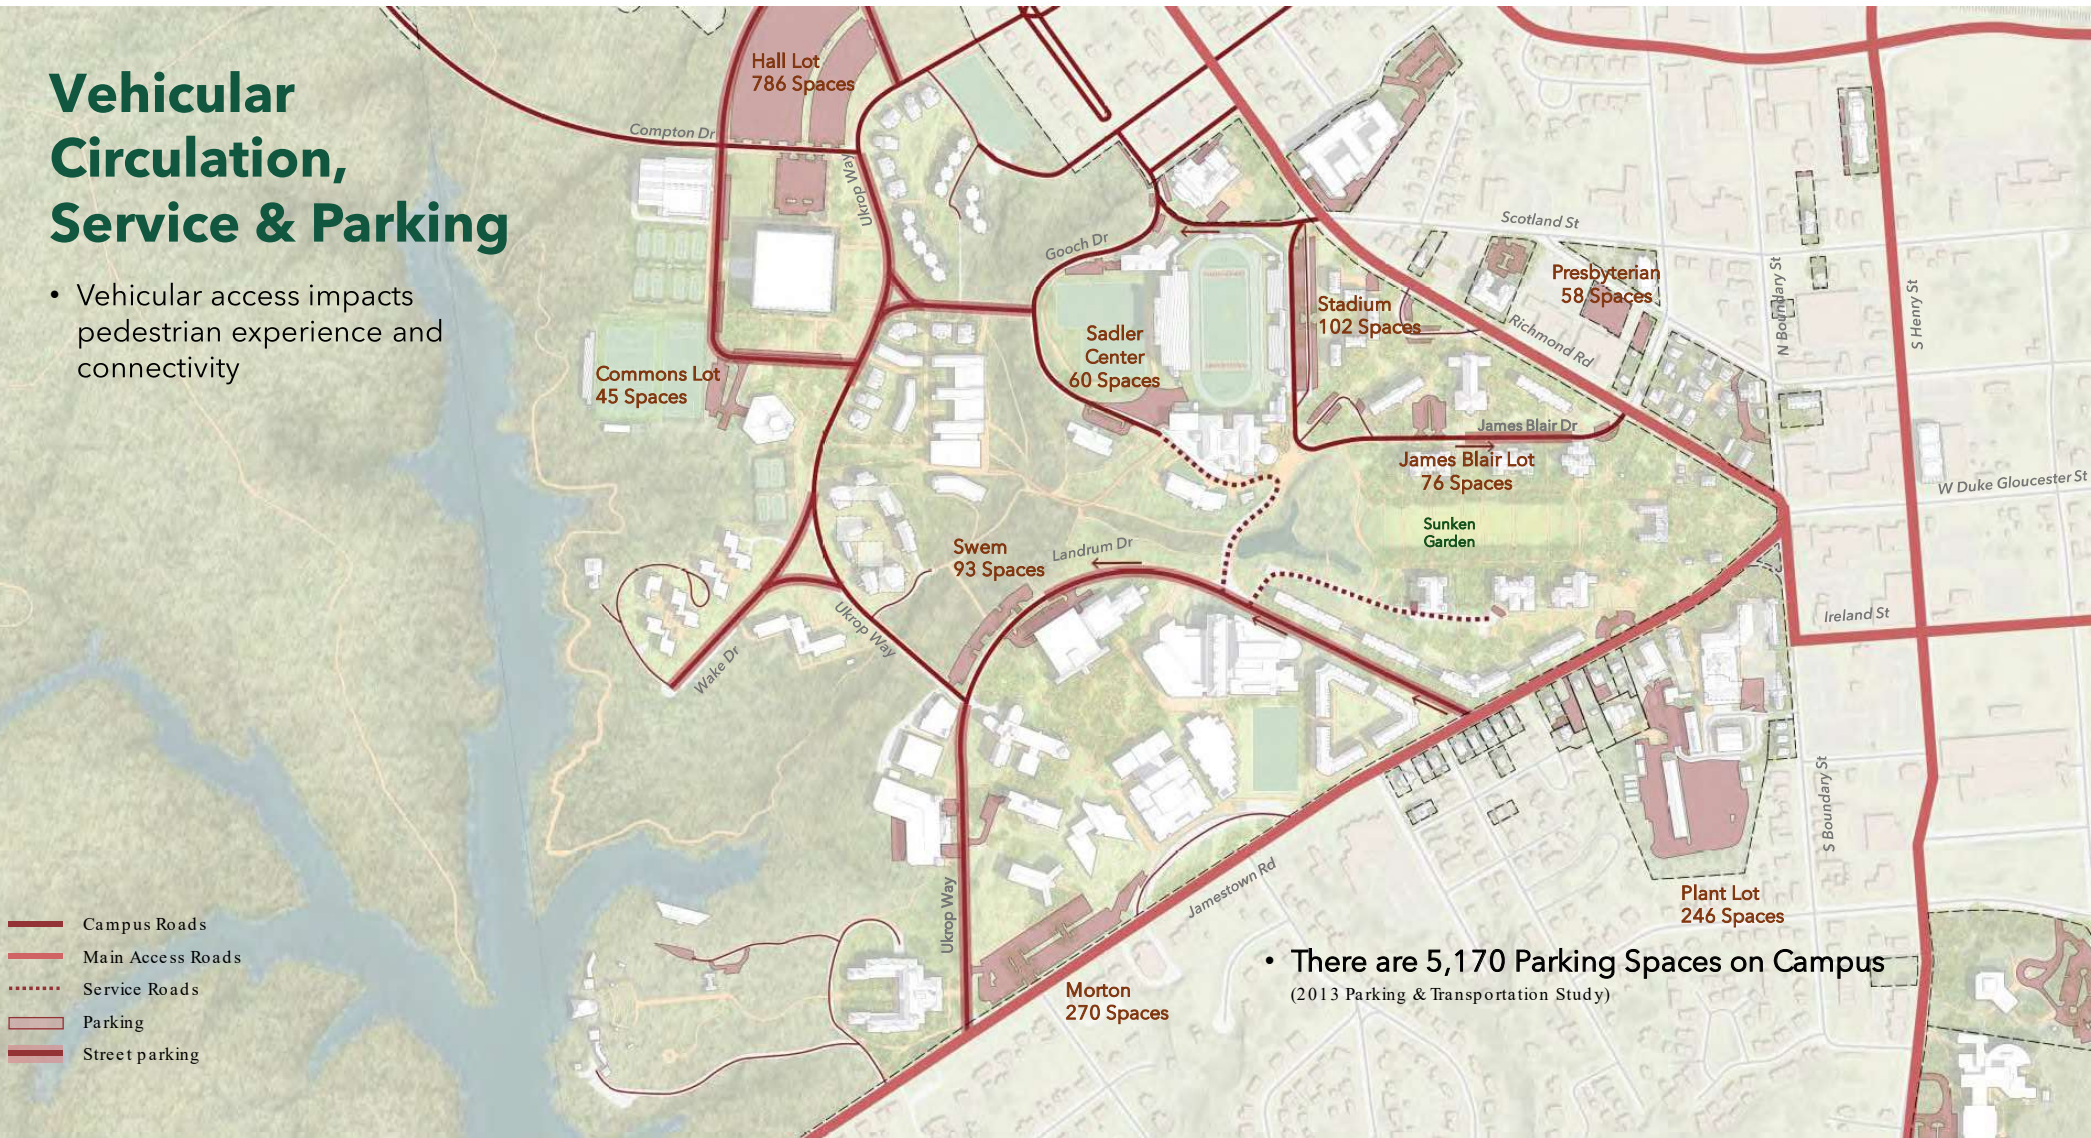

Pedestrian Walks

Vehicular Circulation, Service & Parking

- Vehicular access impacts pedestrian experience and connectivity

• There are 5,170 Parking Spaces on Campus
(2013 Parking & Transportation Study)

Birds Eye View

- 3D Model will allow us to analyze districts in more specificity as we progress
