

EPC Minutes 9/18/2023

Present: Jim Barber, Candice Benjes-Small, Annie Blazer, Ben Boone, Myriam Cotten, Alana Davis, Jim Deverick, Cathy Forestell, Michael Gaines, Oliver Kerscher, Van Monday, Christy Porter, Matt Smith, Cory Springer, Nivedha Vaidy, Megha Vasudevan

Approval of minutes from Sept. 11, 2023.

Minutes approved pending correction of two typos.

1. Consent calendar

MATH 323	Operations Research: Deterministic Models	course change
SOCL 332	Families and Kinship	course change

Consent calendar approved.

2. Other Proposals

DATA 100	Presenting...Your Data	C100
MATH 353	Advanced Statistical Data Analysis	course change

DATA 100 – Ben responds to a question on whether COLL 100s and 150s which are 4 credits (and are therefore usually delinked) need additional approval from EPC or from the 100 150 subcommittee. Because A&S faculty approved delinking 100s and 150s from the onset of the COLL system, no further consideration regarding delinking is required.

DATA 100 approved.

MATH 353 –The instructor may wish to consider changing the word “topic” to “subjects” in the catalog description to avoid appearing to be a Special Topics course. EPC will vote to approve, and Jim will make this suggestion to the instructor. If the instructor agrees to the change, Jim will substitute “subjects” for “topics” in the Curriculum form. Otherwise, the catalog description will stay as it is.

MATH 353 approved.
