AMES 250: Concerns voiced that course is taught by multiple instructors; how to assure it continues to meet C200 reqs. This is the case with many courses; not clear this is for EPC to police. Can be addressed during upcoming C200. Approved; instructor to be asked to add C200 language to syllabus.

ART 319: Concern voiced whether students' understanding of anatomy is assessed. Is such assessment expected of other C200 proposals? Suggestion to bring in Anatomy students to comment on ART students' work. Tabled for more information from instructor.

BUAD 422: Concerns, echoing CLA, that this seems more like a C350 than a C300. Rejected.

CLCV 401: Concern voiced that the proposal lacked specifics to evaluate. No syllabus for the course. Also, course is currently described as a lecture, but this seems inaccurate. Tabled for more detail on assignments, delinking. To be recoded as Independent Study.

EDUC 426: CLA raised concern that it doesn't sufficiently address race. Tabled for more details, with suggestion that learning objectives address race. Proposal also says course carries a 400 attribute; a typo?

MATH 110: Pulled by the Dean's Office.

MUSC 391: Approved.

4: VERTO

Discussion postponed due to fire alarm.
