

Senior Project: Full-Recital

Students wishing to perform a full-length senior recital must pass a Recital Approval Audition, the parameters of which are described below. Students playing a full recital (491) must meet the following criteria:

- Students must declare their intent to play a full recital to their teacher in the first semester of their junior year, by filling out the appropriate “Senior Project Full Recital Intent Form.” At this point the student should be at the 300 level.
- Competency for recital performance will be decided by a jury vote during the student’s jury time in the student’s junior year. Students doing lecture-recitals or a non-recital option must register for and complete MUSC 491 (Senior Project). Students studying abroad or with other extenuating circumstances can request a variance from the Chair of the Department.
- Students will submit a senior project form at the beginning of fall semester, senior year that lists the repertoire to be performed. A full recital is usually comprised of 45 minutes of music. Students will normally have attained the 400 level by this time.
- Students preparing a recital during their senior year will perform selections from their program during their jury time at the end of the semester previous to the recital; (i.e., during the spring jury for a fall recital, and during a fall jury for a spring recital). These students will be scheduled for a 15 minute jury time. The jury committee will vote to decide whether recital approval will be granted.
- Students who are approved for a full-length recital for the final project will take 2 credits of lessons each semester beginning in their junior year.
