

# WILLIAM & MARY

CHARTERED 1693

## TRANSFER PATHWAYS TO WILLIAM & MARY (2017-2018) JOHN TYLER COMMUNITY COLLEGE (JTCC)

William & Mary (W&M) welcomes applications from John Tyler Community College (JTCC) students. W&M encourages students to participate in the Guaranteed Admission Agreement (GAA) that W&M has established with the Virginia Community College System (VCCS). JTCC students who complete a transfer-oriented Associates degree, with a minimum GPA of 3.6, with no grades below a C in all transferable courses, a B or better in courses that satisfy College Curriculum (COLL) Domain and Proficiency courses, and have earned a minimum of 45 credit hours of the total required for the transfer-oriented associate degree at a VCCS institution following graduation from high school, are guaranteed general admission to W&M.

Admission into the Mason School of Business at W&M is **NOT** guaranteed by the GAA.

More information about our transfer agreements, including the Guaranteed Admission Agreement, is located at: [http://www.wm.edu/admission/undergraduateadmission/how-to-apply/transfers/vccs\\_students/guaranteed\\_admission/vccsagreement/index.php](http://www.wm.edu/admission/undergraduateadmission/how-to-apply/transfers/vccs_students/guaranteed_admission/vccsagreement/index.php) Students interested in pursuing admission through the GAA must sign and submit a “Letter of Intent to Transfer to W&M” upon the completion of a minimum of 15 credit hours of post-high school coursework with minimum 3.4 GPA at a VCCS institution (not via transfer credit) and at least one year prior to their desired matriculation date at W&M. [http://williamandmary.force.com/Events/TargetX\\_Eventsb\\_formpage?formid=217748](http://williamandmary.force.com/Events/TargetX_Eventsb_formpage?formid=217748)

By carefully selecting an appropriate degree program at JTCC and completing certain required courses for that degree program, students can fulfill the introductory-level requirements of the first one or two years for most baccalaureate degree programs at W&M.

The following pages provide specific course recommendations for students enrolled in those degree programs that correspond to the JTCC curricular requirements for those degrees. Students should **always** select courses after consulting with an advisor at JTCC. It is recommended for *all* transfer students to complete the requirements for W&M’s foreign language proficiency. The foreign language proficiency may be met through four years of a language in high school, or completion of a college language course at the 202 level.

### 1. Associate of Science: Business Administration

This pathway is appropriate for prospective W&M majors in Accounting, Business Analytics with Data Science, Finance, and Marketing.

### 2. Associate of Arts: Liberal Arts

This pathway is appropriate for students who are undecided about their major.

### 3. Associate of Science: General Studies

This pathway is appropriate for prospective majors in Africana Studies, American Studies, Economics, English Language & Literature, European Studies, Government, History, International Relations, Medieval & Renaissance Studies, Music, Philosophy, Psychology, Sociology, and Theatre.

#### **4. Associate of Science: General Studies – Science Specialization**

This pathway is appropriate for prospective majors in Biology, CAMS Applied Statistics, CAMS Mathematical Biology, Chemistry, Computer Science, Environmental Science & Policy, Geology, Kinesiology & Health Sciences, Mathematics, Neuroscience, and Physics.

**Pathway for Accounting, Business Analytics, Finance, Marketing – Bachelor of Business Administration

**Pathway for International Relations – Bachelor of Arts**  
**Associate of Science: General Studies**  
**John Tyler Community College**

<https://www.jtcc.edu/majors/general-studies-as>

The international relations major requires courses taken from a variety of disciplines, including history, government, economics, anthropology and sociology. Additionally, the IR major requires intermediate proficiency in a modern language other than the native language of the student. This can be met in two ways:

- Continuation of the modern foreign language used to meet the Foreign Language Proficiency to three courses above the level of 202.
- Starting a second modern language in addition to the modern language used to meet the Foreign Language Proficiency. The student must achieve the 202 level in both of the languages, and one course over the 202 level in one of the languages.
