## Medical Underload Approval

International students must receive medical authorization before receiving immigration approval for an underload in Fall or Spring semesters.

Student Name \_\_\_\_\_

Student Birthdate \_\_\_\_\_

Underloads are approved by semester; semesters run approximately:

- Fall Semester: August – December
- Spring Semester: January – May
- Summer (underload typically not required): May – August

Because of a medical condition or temporary illness, an underload (enrolling in courses less than full time) is recommended for this student for the following time period (**please list semester and year**):
